Subject: Proposed Zoning Ordinance Amending the Princeton Community Urban
Center Zoning District – Zoning Hearing Application No. Z14-136

Attached please find material related to a zoning application filed in accordance with Section 33-284.89.3 of the Code of Miami-Dade County (Amendments to Urban Center District Land Use Plan Category or Other Regulating Plan). The material consists of a proposed ordinance containing the applicant's proposed revisions to the Princeton Community Urban Center Zoning District regulating plans and related text as well as the Department of Regulatory and Economic Resources' staff report. This item is quasi-judicial.

The proposed ordinance is not anticipated to have a fiscal impact on Miami-Dade County as described by Ordinance No. 15-59 and would not result in additional staffing needs or future operational costs for County administration. The ordinance is required as part of the quasi-judicial process associated with these types of zoning-related applications. Activities related to this application are absorbed by the administering department through fees assessed to the applicant.

The accompanying recommendation of the Director, which was prepared in accordance with Section 33-284.89.3 of the Code of Miami-Dade County, includes, among other things, a compatibility analysis and conclusion that satisfies the requirements of Ordinance No. 15-83, regarding social equity, to the extent applicable to this item.

[Article XXXIII(K)] for building and street standards criteria; provide setback criteria for buildings fronting the busway; provide standards for streets fronting the busway and pedestrian passages; and (6) to cross-reference the PCUCD to the Standard Urban Center District Regulations addressing non-conformities, which governs when limited expansions to existing buildings within the District are sought.

PURPOSE, PROPERTY HISTORY & DESCRIPTION:

On October 2, 2012, the Board of County Commissioners (BCC) adopted Ordinance No. 12-86 which was a comprehensive overhaul to the County's Standard Urban Center District Regulations (SUCO). This comprehensive update, among other things, standardized a series of regulations that were included in the individual Urban Center Districts, including the permitted uses, building placement and street type development parameters and the various nonconforming sections. As a result, all individual Urban Center Districts need to be amended to conform to Ordinance No. 12-86. However, no formal process existed in order to effectuate the required updates. On December 3, 2013, the BCC adopted Ordinance No. 13-119, establishing a formal process for changing land use categories or regulating plans in urban center or urban area districts. The proposed amendments included in this application will bring the Princeton Community Urban Center District ordinance into conformity with the updated standards.

The main purpose of the modifications to this ordinance is to bring the Princeton Community Urban Center District -- one of the County's Community Urban Center Districts (UCDs) -- in conformance with recent updates to the County's Standard Urban Centers District Regulations. Graphic updates to the regulating plans will further clarify the intent of the PCUCD allowable development thresholds. In addition, building setback standards and street parameters for lots which adjoin the busway are introduced as well as standards for pedestrian passages previously omitted. Another change includes referencing the non-conformity, building and street criteria sections provided in the Standard Urban Centers District Regulations [Article XXXIII(K)] for all development and re-development in the District.

Staff notes, the standards for buildings fronting the busway are compatible with the criteria used for buildings fronting other urban center streets, which requires them to be in close proximity to the street and possess architectural elements that are interesting to pedestrians. The street defining the edges of the busway are similar in design to others required in the District, which necessitate or permit on-street parking, require street trees and wide sidewalks that in combination help to enhance the pedestrian experience. The pedestrian passage, a unique moment in the Marketplace Special District is also compatible with the street network envisioned for the Princeton Community Urban Center. Unlike other streets in the District, the passage is used exclusively by pedestrians, but similar to other streets required in the District, is defined by buildings and open space to create the quality necessary for pedestrian comfort and interest. Regarding the updates to the Land Use regulating plan, the original PCUCD pre-dates the establishment of the Mixed-Use Industrial (MCI) land use category in the updated standards. The updated Land Use Regulating Plan changes the designation of eight (8) properties on the west side of the busway from MC, Mixed-Use Corridor, to MCI. This new designation is consistent with the mixed uses authorized in the original PCUCD and grandfathers existing uses within said properties. The remaining changes affect the text format and illustrative components of the ordinance that are technical and do not increase or decrease the development thresholds permitted or alter in any manner the general intent of the County's Comprehensive Development Master Plan (CDMP) goals and objectives for urban center development.

RECOMMENDATION:

Staff notes that the proposed updates to the Princeton Community Urban Center District (PCUCD) regulations are primarily designed to bring the PCUCD into conformance with the updated Standard Urban Center District Regulations and that the remaining changes are technical in nature.

Staff notes that the proposed regulating plan updates previously described, the introduction of standards addressing the busway and references to ArticleXXXIII(K) are **consistent** with the adopted 2020-2030 Comprehensive Development Master Plan (CDMP) and **compatible** with the surrounding area and recommends approval of the updates to the PCUCD.

Section 5. Sec. 33-284.99.5 of the Code of Miami-Dade County, Florida, is hereby

amended:

Section 33-284.99.5. Non-conforming Structures, Uses, and Occupancies.

~~[[Nothing contained in this article shall be deemed or construed to prohibit a continuation of a legal nonconforming structure, use, or occupancy in the PCUC District that either (1) was existing as of the date of the district boundary change on the property to PCUC District or (2) on or before said date, had received final site plan approval through a public hearing pursuant to this chapter or through administrative site plan review or had a valid building permit. However, any structure, use, or occupancy in the PCUC District that is discontinued for a period of at least six months, or is superseded by a lawful structure, use, or occupancy permitted under this chapter, or that incurs damage to the roof or structure to an extent of 50 percent or more of its market value, shall be subject to Section 33-35(e) of this code. However, a lawfully existing single-family home use that is discontinued for a period of at least six months or that incurs damage to the roof or structure to an extent of 50 percent or more of its market value, shall not be subject to Section 33-35(e) of this code.]]~~

>>Non-conforming Structures, Uses, and Occupancies shall be governed by the provisions of Section 33-284.89.2 of this chapter.<<

Section 6. If any section, subsection, sentence, clause or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such invalidity.

Section 7. It is the intention of the Board of County Commissioners, and it is hereby ordained that the provisions of this ordinance, including any sunset provision, shall become and be made a part of the Code of Miami-Dade County, Florida. The sections of this ordinance may be renumbered or relettered to accomplish such intention, and the word "ordinance" may be changed to "section," "article," or other appropriate word.

Section 8. This ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.
